SOLUTIONS THAT WORK

HR | BIZZ vs. THE PEO's

The PEO model is based on bundling. The PEO espouses an all or nothing premise. When working with a PEO your company won't have the option to select the services you really want or need. Essentially that means that employers are paying for services that they don't want nor need.

- PEO's - create an arrangement, which can be difficult if not impossible to break.
- PEO - consultants are rarely highly trained and experienced Human Capital experts.
- The PEO - model is based mainly on *UP-SELLING*.

HR | BIZZ - *EVERYTHING STARTS WITH RELATIONSHIPS!!!*

Our firm can offer economy of scale, discounts, excellent individualized, customer services, significant and large returns on your investment.
